International Association of Academicians and Researchers (INAAR) is shaped with the solitary intent of endowing an opportunity to the researchers across the globe to exchange ideas, views, and facts. It shall provide dais for sharing knowledge and information. Promotion of research work will take place by participation of resources across the globe. The life membership is free both for individual and the institutes.

The association shall be organizing international Conferences across the globe. The Members shall get the priority in registration, discounts in fees, concessional accommodation and much more. The association at the conference shall invite papers to be published in its blind peer reviewed journals bearing ISSN.

The application form should be duly filled in and returned to the Secretary General at corporate office.
